Abington High School

Class of 2002

As much as I know you will enjoy your yearbook this week, the real enjoyment will come years from now when you look for friends' faces and remember what made you laugh, what was important to you. Your years in a small high school and community have allowed you to be a part of people's lives and share some very special times together. Wherever life takes you, I hope you will think fondly of your years at Abington High School. Good luck

Kathleen L. Stirling

2002

It is hard to believe that we began at Abington High School four years ago. You were the freshman class and I was beginning a new stage in my life as Assistant Principal. The Class of 2002 will always be a special class to me. I wish you much success and happiness in your future endeavors.

Linda McClane

With great pride we present the yearbook to the class 2002. The yearbook editors would like to take this opportunity to wish every senior the best of luck. We hope you all enjoy the walk down memory lane now, and for many years to come.

e n d u r i n g FREEDOM

Tuesday, September 11, 2001, will be remembered as a tragic day that changed the world. That morning, a plot, masterminded by terrorist Osama bin Laden and the al-Qaeda network, was put into action. Two hijacked commercial airliners were flown into New York City's World Trade Center Towers, ultimately causing their collapse. Immediately following the incident, another hijacked airliner crashed into one side of the Pentagon in Washington, D.C., and a fourth plane crashed in Pennsylvania. Thousands of lives were lost, citizens were terrified and the world was in shock.

Following that mournful day the United States experienced anthrax scares, continued security threats and the reality of war. Despite the horror, fear and heartache, U.S. citizens united and their patriotic spirit soared. President Bush promised: "We will not tire, we will not falter, we will not fail." Through that statement and the remarkable sense of national pride exuded by U.S. citizens, it became evident that no threat, great or small, could deter the United States resolve for enduring freedom.

World leaders, such as Prime Minister of England Tony Blair, profess their sympathy and support for the United States.

Ailing airlines urge citizens to defy terrorists' attempts to disrupt lives by reboarding airplanes.

Thousands of people world-wide donate blood and volunteer their services to aid U.S. recovery.

An overwhelming spirit of unity and national pride arises out of the smoldering ashes and human devastation from the September 11 attacks on the United States.
